## Our Cover

As the 415 Amateur Radio Club of Crystal Lake, Illinois, was planning their 2024 ARRL Field Day effort, they received an interesting offer to work with the cast and crew of *Static: Noise of a New Musical*, one of the first musicals to put a spotlight on Morse code. As a result of the collaboration, *Static* cast and crew members visited the club's Field Day operation to learn about different modes — especially CW — and even get on the air, and the club loaned amateur radio gear to the production to aid in its accuracy and realism. Read Kevin Potter's, KD9YYO, article "When ARRL Field Day Becomes Theater" to learn more about this meeting of art and science. [Todd Heintz photo]
