Re: SALINA, CITY OF

Your application is in a return status for the reason(s) indicated below. **You must file an Amendment to your application reference above using FCC Form 601, 602, 603 or 608, as appropriate, to provide the requested information before the FCC will resume processing your application.** Amending your application without making all the necessary changes and/or providing the requested information may result in dismissal of your application pursuant to Section 1.934 for failure to prosecute. **If you do not file an Amendment to your application within 60 days of the date at the top of this letter, your application will be Dismissed.** If a fee is submitted with the amendment, refer to the Fee Filing Guide for the proper mailing address in St. Louis, MO. **Please note: This return notice may be sent to multiple parties to the application such as the applicant, the point of contact, and/or the coordinator. Please coordinate your response to this return notice to ensure that only one amendment to the application is filed.**

**Certain services are subject to mandatory electronic filing pursuant to Section 1.913.** For all other services, you may file your application either electronically or manually, but not both. Electronic filing is recommended for the few radio services where manual filing is permitted. For information on how to file electronically, visit the website at <http://wireless.fcc.gov/uls>. If you wish to file your application manually, application forms can be obtained from the FCC's website at <http://www.fcc.gov/formpage.html>, by calling the FCC's Forms Distribution Center 800-418-FORM (800-418-3676), or from FCC's Fax Information System by dialing (202) 418-0177. Amendments submitted manually should be mailed to Federal Communications Commission, 1270 Fairfield Road, Gettysburg, PA 17325-7245. Overnight courier and hand delivered amendments should be sent to Federal Communications Commission, 1280 Fairfield Road, Gettysburg, PA 17325. For additional assistance, you may visit the website at <http://esupport.fcc.gov>. You may also call the FCC at (877) 480-3201 (TTY 717-338-2824). To provide quality service and ensure security, all telephone calls are recorded.

Pursuant to ORDER DA 10-291 (a copy of which you attached to your application) the first recon scout unit authorized to an agency will operate on 436-442 MHz. It appears your request for the 433-445 MHz band is not consistent with the waiver ORDER. Your application is returned to allow you to bring your application into compliance with the waiver ORDER.
